<p><b>Notice:</b> Cumulative COSMIC Record has been updated through May 7, 2010 previously having been verified through September 30, 2009. The verification process identified errors, omissions or duplicates that, to the best of our knowledge, have been corrected and reflected within this spreadsheet. Also identified were 4 trades identified by our accountant that <i>appeared to be</i> duplicate; however, we were not confident they are duplicate; therefore, remain under study. Because of this disparity, the <b>total</b> gain on our Weekly record differs from our cumulative record.</p>
