Commodity and stock trading may result in substantial loss!

Commodity or stock trading may not be suitable for all individuals viewing this information or this website.

Before investing in stocks or commodities or options, please consult your financial advisor to determine whether stock or commodity trading is appropriate for you.

We could have a much greater gain on the 6 month record had we traded full size CL Crude Oil; however, since we started with a \$20,000 trading account, it would be imprudent to tie up \$12K margin on one contract.
